	Interface

Radio compliance

For radio transmission products only

The simplified declaration of conformity statement below only applies to the Renishaw radio transmission products listed.

Simplified declaration of conformity

Renishaw plc hereby declares that the radio equipment types RMP, RTS and RLP probes, RMI-Q and RMI-QE interfaces, and Primo™ products are in compliance with:

- Directive 2014/53/EU, the Radio Equipment Directive.
- UK SI 2017 No. 1206, the Radio Equipment Regulations 2017.

The full text of the declaration of conformity is available at:

www.renishaw.com/mtpdoc

Disposal of waste electrical and electronic equipment (WEEE)

The use of this symbol on Renishaw products and/or accompanying documentation indicates that the product should not be mixed with general household waste upon disposal. It is the responsibility of the end user to dispose of this product at a designated collection point for waste electrical and electronic equipment (WEEE) to enable reuse or recycling. Correct disposal of this product will help to save valuable resources and prevent potential negative effects on the environment. For more information, contact your local waste disposal service or Renishaw distributor.

Disposal of batteries

The use of this symbol on the batteries, packaging or accompanying documents indicates that used batteries should not be mixed with general household waste. Dispose of the used batteries at a designated collection point. This will prevent potential negative effects on the environment and human health which could otherwise arise from inappropriate waste handling. Contact your local authority or waste disposal service concerning the separate collection and disposal of batteries. All lithium and rechargeable batteries must be fully discharged or protected from short circuiting prior to disposal.

REACH regulation

Information required by Article 33(1) of Regulation (EC) No. 1907/2006 ("REACH") relating to products containing substances of very high concern (SVHCs) is available at:

www.renishaw.com/REACH

China RoHS

For more information on China RoHS, visit:

www.renishaw.com/mtpchinarohs

Frequency and power

RMPxx, RMPxxM, RLP40, RTS and RMI-Q operate in the 2.4 to 2.4835GHz Frequency Band, with a maximum power of 0dBm (1mW).

ITU Emission Designator: 875KFXD

RMPxxQE, RMPxxMQE, RLP40QE, RLP40HQE, RTSQE and RMI-QE operate in the 2.4 to 2.4835GHz Frequency Band, with a maximum power of 4dBm (2.5mW).

ITU Emission Designator: 1M71F7D / 1M71FXD

The Primo range of products operate in the 2.4 to 2.4835GHz Frequency Band, with a maximum power of 0dBm (1mW).

ITU Emission Designator: 875KFXD

FCC information to user (USA only)

47 CFR Section 15.19

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

47 CFR Section 15.21

The user is cautioned that any changes or modifications not expressly approved by Renishaw plc or authorised representative could void the user's authority to operate the equipment.

Packaging information

Item	Description	Code	Material
A	Shipping carton	20 - PAP	Fibreboard
B	Void fill	4 - LDPE	Low-density polyethylene
C	Product box	20 - PAP	Fibreboard
D	Product box	20 - PAP	Fibreboard
E	Insert (board)	20 - PAP	Fibreboard
F	Insert (moulded)	21 - PAP	Moulded paper fibre
G	Insert (foam)	4 - LDPE	Low-density polyethylene
H	Corrosion inhibiting paper	22 - PAP	Paper
I	Stylus box	5 - PP	Polypropylene
J	Twist tube	5 - PP	Polypropylene
K	Ziploc bag	5 - PP	Polypropylene
L	Bubble bag	4 - LDPE	Low-density polyethylene
M	Battery insulator	1 - PET	Polyethylene terephthalate
